METHODOLOGY

The survey results contained in this document are based on HYA's research related to superintendent leadership standards. The survey addresses both district performance and desired characteristics of the superintendent in relation to the following areas:

- Vision and Values (VV) - The leader's ability to provide a clear and compelling vision for the future, align district programs to the broader vision of the district, and uphold high expectations for all stakeholders
- Teaching and Learning (TL) - The leader's ability to guide educational programs, make data-driven decisions, and implement effective instructional change
- Community Engagement (CE) - The leader's ability to be the voice of the district, engage with the community, and involve stakeholders in realizing the district's vision
- Management (M) - The leader's ability to guide operations, manage resources, recruit and retain highly effective personnel, and create an equitable accountability system for all employees

Through the understanding of stakeholder's views regarding the state of the district and the desired profile of the next superintendent, this report will help the district prioritize the desired characteristics of the superintendent in a way that will advance the priorities of the community.

EXECUTIVE SUMMARY

The Alexandria City Public Schools- Superintendent Search Survey was completed by 759 stakeholders. With over half the respondents, the largest stakeholder group surveyed were acps parents or guardians of a current students. Acps parents or guardians of a current students represented 51.6 percent of all respondents. Acps certificated school staff other than administrators or supervisors made up the second most populous stakeholder group at 17.7 percent of all respondents. The third largest participant group were acps students at 11.3 percent of all respondents.

Regarding the State of the District, the following statements were perceived to be district strengths:

- The District engages with diverse racial, cultural and socio-economic groups. (CE)
- The District employs effective teachers, administrators and support staff in its schools. (M)
- District schools are safe. (TL)
- Teachers personalize instructional strategies to address individual learning needs. (TL)
- Facilities are well maintained. (M)

The top-rated leadership profile characteristics constituents desire in a new superintendent are:

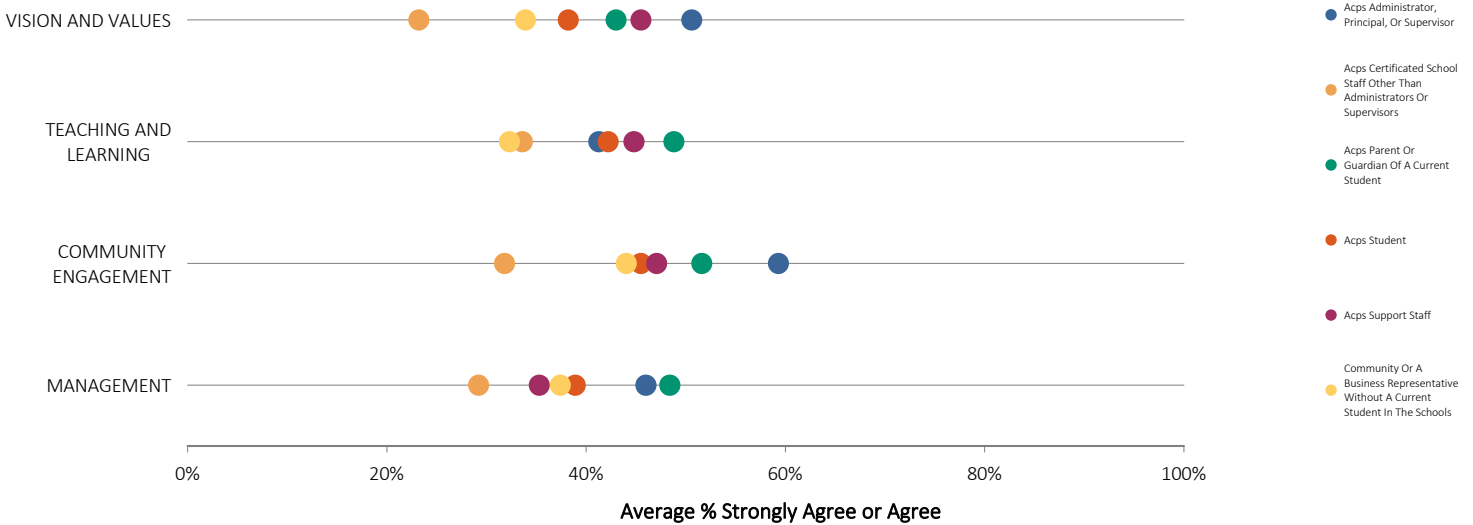

- Recruit, employ, and retain effective personnel throughout the District and its schools (M)
- Foster a positive, professional climate of mutual trust and respect among faculty, staff, and administrators (CE)
- Be an effective manager of the District's finances and operations (M)
- Establish a culture of high expectations for all students and personnel (VV)
- Demonstrate measurable student outcomes grounded in research and emerging best practices (VV)

ANALYSIS

State of the District Summary

Respondents rated statements related to the state of the district on a scale of 1 (Strongly Disagree) to 5 (Strongly Agree). Each statement corresponds to one of the following constructs: Vision & Values, Teaching & Learning, Community Engagement, and Management. Overall results are presented below; results for individual items are reported in the appendix.

State of the District Results by Constituent Group

Leadership Profile Summary

Respondents were asked to select leadership statements that are most important in selecting a new superintendent. Each statement corresponds to one of the following constructs: Vision & Values, Teaching & Learning, Community Engagement, and Management. Overall results are presented below; results for individual items are reported on the next page.

Leadership Profile Results by Constituent Group

LEADERSHIP PROFILE DETAILS

Respondents were asked to select 4 statements they deem most important in selecting a new superintendent. Results by constituent group are presented below. Each constituent group's top 4 most frequently selected statements are depicted by blue cells (reading the chart vertically); consensus is illustrated as multiple constituent groups selected the same statements (reading the chart horizontally).
